NOTE:
* You must be in the same group (Fellowship or Raid) to synchronize music.
* Do NOT forget to include the word "sync" when typing your part for group music to be synchronized.

NUMBERED PARTS METHOD

The Bards use numbered parts to help manage musicians & their part assignments.

Each musician is assigned a number. The parts listed for a song follow that same order, so each musician simply plays the part that matches their number. The first listed part is for musician #1, the second is for musician #2, and so on.

For example, if the musicians are:

1 - Frodo
2 - Sam
3 - Merry
4 - Pippin
5 - Carl (the goblin)

And the song is listed as:

Hobbits (1- ages1, 2- ages2, 3- bardic, 4- bass, 5- clar)

Then:

Musician #	File	
Frodo plays	1	HobbitsAges1
Sam plays	2	HobbitsAges2
Merry plays	3	HobbitsBardic
Pippin plays	4	HobbitsBass
Carl plays	5	HobbitsClar
